

Customer Journey Map

Date	22 June 2026
Team ID	SWTID-2026-5853
Project Name	A Comprehensive Measure of Well-Being (Human Development Index Prediction)
Maximum Marks	3 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Opens the application • Enters life expectancy, education, and GNI values • Submits the data	• Reviews the predicted HDI category • Checks confidence and supporting information • Compares development indicators	• Downloads or saves the result • Uses insights for planning and decision-making • Shares findings with stakeholders
Touchpoint <i>What part of the service do they interact with?</i>	• Home Page • Input Form • Data Entry Screen	• Prediction Page • Results Dashboard • Charts and Graphs	• Reports Page • Export/Download Option • Summary Dashboard
Customer Thought <i>What is the customer thinking?</i>	• Is my data correct? • Will the prediction be accurate? • Is the system easy to use?	• Which HDI category does this country belong to? • What factors influenced the result? • Can I trust the prediction?	• How can these insights improve development? • What should be improved? • Can this support better policy decisions?

Customer Feeling <i>What is the customer feeling?</i>	• Curious • Hopeful • Interested	• Confident • Satisfied • Informed	• Motivated • Empowered • Ready to take action
Process Ownership <i>Who is in the lead on this?</i>	Data Collection Module	Machine Learning Prediction Engine	Analytics & Reporting Module
Opportunities	• Add automatic data validation • Support CSV upload • Improve input guidance	• Increase model accuracy • Explain prediction factors • Provide interactive visualizations	• Generate detailed reports • Add country comparison • Provide policy recommendations
